## Languages

English

Assamese

Hindi

Nepali

## Programming

Java

HTML, CSS, JavaScript

VueJs

SQL, Firebase

## Tools

Android Studio, vs Code

Figma

Postman

## Projects

### CryptoRank

Java, XML

Android

CryptoRank is a cryptocurrency ranking app, using the CoinCap REST API, I enabled all cryptocurrencies to be displayed rankwise with its current value in US dollars and change percentage of it in 24 hours. I used the VOLLEY library to fetch data from CoinCap API.

### URLshare

HTML, CSS, VueJs, Firebase

Web Tech

URLshare is a URL sharing platform, which enables users to share all of their URL's with a single URL. For example 'www.urlshare.com/username'.

## Education

2019--2022

M.C.A

Cotton University

2015--2019
